

What's new about the MULTILIT Reading Tutor Program?

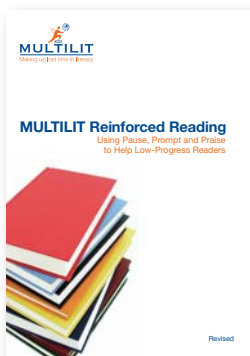

MULTILIT Word Attack Skills

- Changes in placement test procedures ensure all gaps in phonic word attack knowledge are addressed
- Extra teaching pages for more practice
- Inclusion of nonsense words to ensure that actual decoding skills are used
- Greater emphasis on a synthetic phonics approach in line with best practice
- Revised criteria for mastery
- Improved intervention strategies
- Extra tips and strategies for increasing fluency
- Extra phonemic awareness activities
- Ready made set of 26 *MULTILIT Sound Prompt Cards*
- Downloadable consumable resources from the MULTILIT website, such as Placement Test Recording Sheets

MULTILIT Sight Words

- Removal of all regular CVC (consonant, vowel, consonant) words, reducing the list to be mastered from 300 to 200 words. This lowers the risk of children learning words by sight that can be sounded out.
- Words chosen for the frequency with which they occur in contemporary children's reading texts
- Additional intervention strategies
- *MULTILIT Sight Words* flash cards in their own box to help teachers and tutors save preparation time
- Downloadable consumable resources, such as Placement Test Recording Sheets

MULTILIT Reinforced Reading

- Increased emphasis on phonic prompting in line with research
- Additional reading fluency component
- Greater emphasis on vocabulary building and comprehension
- MULTILIT Book Levels to assist in easy book placement
- Context cues used for confirming accuracy, not guessing
- Alternative model for tackling reading comprehension problems
- Thoroughly updated *MULTILIT Reinforced Reading Using Pause, Prompt and Praise* DVD
- Booklet that describes in details, how to implement MULTILIT Reinforced Reading
- Free resources in the MULTILIT Toolbox to help support Reinforced Reading intervention, including the MULTILIT Reading Diary and MULTILIT Reinforced Reading 100 Word Sample – to help place students on the correct book
